

The Story of Emma's Gourmet Popcorn

Emma's Gourmet Popcorn was founded in 2006 by our mother Emma Fisher. One of mom's former jobs had sold a version of this popcorn but after that business moved out of the area they had no more access to it and she began making it to satisfy her cravings for this delicious and addictive snack. Mom started the business after friends and family fell in love with her popcorn and chocolate concoctions.

She had the business in a small shed on her home property and retired in 2010. We moved the business to our home and kept the name. We added many flavors and items and continue to add more all the time.

In 2022, we moved our business and retail location to Gordonville. This new facility allows us much more room for retail space and prep area. Stop by and shop our new retail area! Or visit us on online to see pictures of many of the flavors. Then give us a call and order yours to be shipped to you and your friends. It makes a great gift! We look forward to hearing from you!

How It's Made

Emma's Gourmet Popcorn is made with only the finest ingredients. We use non-GMO popcorn and pop it in coconut oil. Coconut oil is one of the healthiest oils on the market and has many amazing health benefits. Many of our flavors are Gluten Free, if you have questions, please ask. We use real sugar to flavor and caramelize our popcorn. All caramel popcorn is baked to ensure the perfect crunch and melt in your mouth sensation! Baking takes much longer, but we are dedicated to bringing you the best popcorn on the market! We also make biscotti, granola bars, flavored pretzels, cute popcorn favors and more.

We sell in bulk for weddings and parties. All the popcorn is homemade and handbagged in a small home based business. You can order all of our products on-line or come on out to see the popcorn making in process!
